

## CONTENTS OF VOLUME 112

Vol. 112C, No. 1

M. G. Barron, H. Galbraith and D. Beltman	1	Comparative reproductive and developmental toxicology of PCBs in birds
S. Suzuki, S. Takamura, J. Yoshida, Y. Shinzawa, O. Niwa and R. Tamatani	15	Comparison of gentamicin nephrotoxicity between rats and mice
C. Gazzola	29	The effect of the $\alpha_2$ -adrenoceptor agonist, guanfacin, on energy expenditure, intake and deposition in rats
W. Liebrich, A. C. Brown and D. P. Botes	35	Cadmium-binding proteins from a tunicate, <i>Pyura stolonifera</i>
S. B. Jones and L. B. King	43	Muscarinic cholinergic receptors in brain and atrial membranes of adult brook trout ( <i>Salvelinus fontinalis</i> ) measured by radioligand binding techniques
S-M. Chan	51	Possible roles of 20-hydroxyecdysone in the control of ovary maturation in the white shrimp <i>penaeus vannamei</i> (crustacea: decapoda)
T. M. Fonovich DE Schroeder and A. M. Pechén de D'angelo	61	Dieldrin modifies the hydrolysis of PIP <sub>2</sub> and decreases the fertilization rate in <i>Bufo arenarum</i> oocytes
S. Duquesne, A. E. Flowers and J. C. Coll	69	Preliminary evidence for a metallothionein-like heavy metal-binding protein in the tropical marine bivalve <i>Tridacna crocea</i>
S. Fasano, M. D'antonio, P. Chieffi, G. Cobellis and R. Pierantoni	79	Chicken GnRH-II and salmon GnRH effects on plasma and testicular androgen concentrations in the male frog, <i>Rana esculenta</i> , during the annual reproductive cycle
C. Bischof	87	Effects of heavy metal stress on carbohydrate and lipid concentrations in the haemolymph and total body tissue of parasitized <i>Lymantria dispar</i> l. larvae (lepidoptera)
C. L. Atanassov, H.-U. Naegeli, G. Zenke, C. Schneider, L. I. Kramarova, G. E. Bronnikov and M. H. V. Van Regenmortel	93	Anti-lymphoproliferative activity of brown adipose tissue of hibernating ground squirrels is mainly caused by AMP

Vol. 112C, No. 2

T. Asano, K-I. Otsuguro, T. Ohta, T. Sugawara, S. Ito and Y. Nakazato	101	Characteristics of ATP-induced catecholamine secretion from adrenal chromaffin cells of the guinea pig
K. Maruyama, N. Kanemaki and J. D. May	109	Thyroid hormones on embryo development and appearance of myosin heavy chain isoforms in turkeys ( <i>Meleagris gallopavo</i> )
A. Morello, M. Pavani, J. A. Garbarino, M. C. Chamy, C. Frey, J. Mancilla, A. Guerrero, Y. Repetto and J. Ferreira	119	Effects and mode of action of 1,4-naphthoquinones isolated from <i>Calceolaria sessilis</i> on tumoral cells and <i>Trypanosoma parasites</i>

- S. Morris and T. Edwards 129 Control of osmoregulation via regulation of Na<sup>+</sup>/K<sup>+</sup>-ATPase activity in the amphibious purple shore crab *Leptograpsus variegatus*
- S. Nakashima, T. Mizutani, Y. Nakamura, S. O. Takemura, M. Nakamura, H. Miyata, Y. Katagiri and Y. Nozawa 137 Effects of selective phosphodiesterase type IV inhibitor, rolipram, on signal transducing phospholipases in neutrophil: Inhibition of phospholipases A<sub>2</sub>, D but not C
- N. Ohno, G. Zhang, L. Xue, Y. Yamamoto, M. Itoh and H. Suzuki 145 Excitation and inhibition by cisapride of spontaneous and evoked electrical responses in smooth muscles of guinea pig stomach
- R. Mishra and S. P. Shukla 153 Effects of endosulfan on bioenergetic properties of skeletal muscle mitochondria from the freshwater catfish (*Clarias batrachus*)
- F. Ushio, E. Antignac, M. Fukuhara and M. Kimura 163 Differential induction of cytochrome P-450 isoenzymes by rifampicin in the Chinese hamster, *Cricetus griseus*
- M. E. McMaster, G. J. Van Der Kraak and K. R. Munkittrick 169 Exposure to bleached kraft pulp mill effluent reduces the steroid biosynthetic capacity of white sucker ovarian follicles
- D. Schlenk, L. Peters, S. Shehin-Johnson, R. N. Hines and D. R. Livingstone 179 Differential expression and activity of flavin-containing monooxygenases in euryhaline and stenohaline flatfishes indicates potential osmoregulatory role
- F. Journé, R. Wattiez, C. Severyns, D. Nonclercq, G. Toubeau, J-A. Heuson-Stiennon and P. Falmagne 187 Transforming growth factor- $\alpha$  and epidermal growth factor in hamster tissues: Biochemical and immunohistochemical studies
- D. L. Aminin, I. G. Agafonova and S. N. Fedorov 201 Biological activity of disulfated polyhydroxysteroids from the pacific brittle star *Ophiopholis aculeata*
- A. K. Singh 205 Carbachol-regulation of the expression of  $\alpha_1$ -subunit of G<sub>i</sub> and inositol-[1,4,5]-trisphosphate receptor in brain samples obtained from neonatal and adult rats
- J. Leiro, M. I. G. Siso, M. Ortega, M. T. Santamarina and M. L. Sanmartin 215 A factorial experimental design for investigation of the effects of temperature, incubation time, and pathogen-to-phagocyte ratio on *in vitro* phagocytosis by turbot adherent cells
- P. Canals, M. A. Gallardo and J. Sanchez 221 Effects of insulin on the uptake of amino acids by hepatocytes and red blood cells from trout (*Salmo trutta*) are opposite
- M. Vessal and M. Yazdanian 229 Comparison of the effects of an aqueous extract of *Physalis alkekengi* fruits and/or various doses of 17- $\beta$ -estradiol on rat estrous cycle and uterine glucose 6-phosphate dehydrogenase activity
- K. Maruyama, N. Kanemaki and J. D. May 237 Thyroid influence on sequential appearance of myosin heavy chain isoforms and muscle growth in growing male turkeys (*Meleagris gallopavo*)
- E. K. Asem and M. D. Conkright 247 Role of progesterone in luteinizing hormone induced fibronectin production and deposition by chicken granulosa cells *in vitro*

Vol. 112C, No. 3

- A-F. Aubry, N. Markoglou and A. McCann 257 Comparison of drug binding interactions on human, rat, and rabbit serum albumin using high-performance displacement chromatography

- D. G. Drescher, K. M. Khan, G. E. Green, B. J. Morley, K. W. Beisel, H. Kaul, D. Gordon, A. K. Gupta, M. J. Drescher and R. L. Barretto 267 Analysis of nicotinic acetylcholine receptor subunits in the cochlea of the mouse
- L. Milakofsky, A. Epple, B. Nibbio, B. Gower and M. H. Stetson 275 Release of amino acids and related compounds from the adrenal equivalent and caudal vein of the eel *in vitro*
- E. L. Cooper, V. Arizza, M. Cammarata, L. Pellerito and N. Parrinello 285 Tributyltin affects phagocytic activity of *Ciona intestinalis* hemocytes
- J. Ortel 291 Changes in protein content and free amino acid composition in metal-contaminated gypsy moth larvae (*Lymantria dispar* L., Lymantriidae, Lepidoptera)
- J. E. Weinstein 299 Seasonal responses of the mixed-function oxygenase system in the American oyster, *Crassostrea virginica* (Gmelin 1791), to urban-derived polycyclic aromatic hydrocarbons
- M. S. Parihar and A. K. Dubey 309 Lipid peroxidation and ascorbic acid status in respiratory organs of male and female freshwater catfish *Heteropneustes fossilis* exposed to temperature increase
- K. Sato, Y. Akiba, S. Kimura and M. Horiguchi 315 Species differences between chicks and rats in inhibition of lipoprotein hydrolysis by Triton WR-1339
- Z. Naydenova, K. Grancharov, M. Shopova and E. Golovinsky 321 Inhibition of UDP-glucuronyltransferase activity in rat liver microsomes by pyrimidine derivatives
- R. Ramesh, J. A. Proudman and W. J. Kuenzel 327 Changes in pituitary somatotrophs and lactotrophs associated with ovarian regression in the turkey hen (*Meleagris gallopavo*)
- B. M. Sanders, J. Nguyen, L. S. Martin, S. R. Howe and S. Coventry 335 Induction and subcellular localization of two major stress proteins in response to copper in the fathead minnow *Pimephales promelas*
- T. M. John, J. C. George and G. M. Brown 345 Effects of exogenous arginine vasotocin on circulating levels of thyroid hormones and melatonin in the pigeon, *Columbia livia*
- S. S. Katyare and R. R. Rajan 353 Effect of long-term *in vivo* treatment with imipramine on the oxidative energy metabolism in rat brain mitochondria
- M. Kurata, N. Ishizuka, M. Matsuzawa, K. Haruta and K. Takeda 359 A comparative study of whole-blood platelet aggregation in laboratory animals: Its species differences and comparison with turbidimetric method

I Volume Contents, Subject and Author Index for Vol. 111C

XI Volume Contents, Subject and Author Index for Vol. 112C
